Dr. Twumasi-Ankrah visits US to share the vision and mission of HCC in Accra, Ghana

Dr. Twumasi-Ankrah, President of Heritage Christian College, joined the Heritage Christian College Foundation team during May and travelled all around the U.S. visiting with individuals, families, small groups, churches, universities and businesses, sharing the great news and vision of HCC. Thanks to all those who made this trip for Dr. Twumasi-Ankrah such a resounding success!

While the timing of such a trip is always problematic, we do want to take special note of all the university faculty and administrators who took time out of their busy schedules during the weeks preceding finals through graduation ceremonies and into their summer breaks. From everyone at Abilene Christian University, Oklahoma Christian University and Lipscomb University, thanks so much for accommodating our team during one of your busiest times of the year. We are truly grateful to all of you for accommodating our visit requests. A special thanks goes to Dr. Jerry Taylor at ACU for going above and beyond expectations and for scheduling such a thoughtful reception and presentation time for Dr. Twumasi-Ankrah on campus.

One of the highlights of this trip was the opportunity for Dr. Twumasi-Ankrah and Deon Fair, Chairman of the Board for Heritage Christian College Foundation, to make two presentations to the Barnabas Groups (www.barnabasgroup.org) of San Diego and Orange County in California. As a result of the invitation to present to these groups, we were able

to share the vision and mission of HCC to more than 400 individuals during the two evenings in California.

We humbly ask that you join us in our prayer that all the meetings and new connections made during this visit will be fruitful and help Heritage Christian College to continue in its mission to become the flagship Christian University in Africa. ***“Sowing seeds of eternity in the lives of many children we may never know.”***

DENNIS ABBEY-HCC STUDENT

'I am Dennis, a 20-year old from a broken home with three children between my parents. My parents divorced some years ago while I was growing up and this has really affected my education. My dad is now in his old age and does not work due to illness. My mother, on the other hand, is involved in buying and selling of foodstuffs just on a table top. As the only parent providing for our needs both at home and at school, my mother finds it really difficult to cater for our needs. I really struggled through school and was always indebted. Though I am a bright student, I always have financial strain dragging me back. I want to be a sports journalist and marketing consultant. I was recently among the top 3 sports presenters in a nation-wide reality show called *Asempa Star*. HCC has really been of great benefit to me and I am proud to say that I was one of the initial 22 students given start-up funding to begin our businesses. Together with 2 HCC student colleagues of mine, we were given \$2,000 to start a Barbering Shop. That is one of the admirable things I cherish about Heritage Christian College.

Regarding my faith, I was born to a mother who attended Musama Church and a dad who claimed to be an Anglican, but I never saw him go to church all the years I stayed with him. I used to follow my mother to church, but I didn't find fulfillment there. **Through circumstances that I know God Himself directed, I came to Heritage Christian College.** In this Christian environment, my faith is being formed and stabilized due to the activities and teachings at the Daily Chapels Session and the College church of Christ. Realizing what I needed to do to be saved, in 2019 I gave myself up for baptism and I am excited I took that step of faith. I am happy about the counseling and lessons that we are given to help me grow in my faith and direct my steps in life.'
