HCC PRESIDENT CANVASSES SUPPORT FOR HERITAGE CHRISTIAN COLLEGE IN USA

President speaking at Orange County

President of Heritage Christian College, Dr. Samuel Twumasi-Ankrah, travelled in May 2019. He visited Christian universities, churches, small groups, and businesses in different places in the U.S. During this time, he spoke about the work that is being done at HCC, and shared the vision and mission with those he met with.

The President met with Rob Touchstone, Director of Business As Mission at Lipscomb University to explore collaboration between HCC and Lipscomb which includes Study Abroad programmes for students of both universities.

He met with over 400 individuals from different groups. It is our prayer that these meetings will yield future partners and visionaries who can

HCC STUDENTS' BUSINESS, PESEZ FARMS LTD, TAKES OFF

Samuel Gyesei, Ezekiel Amevor & Patrick Egyir

Another start-up business by three students of Heritage Christian College (HCC), PESEZ Farms Limited, has kick-started. The poultry farm business by Patrick Egyir, Samuel Gyesei and Ezekiel Amevor is one of the initial 8 student start-ups awarded grants totaling GHc100,000 in the maiden edition of the HCC Start-Up Challenge, a business contest for HCC Community members. PESEZ Farms Ltd. was awarded GHc 10,000 to start their business.

PESEZ Farms Ltd. is located at Gomoa Ofaso in the Central Region of Ghana. The main objective of the business is to produce high quality poultry products for the Ghanaian market, and also contribute to the reduction of unemployment which is one of the major challenges facing the country.

PESEZ rolled out the business with 150 vday-old chicks imported from Belgium.

The business is owned and managed by Patrick Egyir, a Level 400 student at HCC who is the General Manager; Samuel Gyesei a Level 300 student at HCC who is in charge of distribution of the business products; and Ezekiel Amevor, a Level 200 student at HCC who is in charge of procurement.

You can contact PESEZ Farms on 233 54 336 5106.

TEAM PLASTIC-BLOCKS WINS HCC EDITION OF GLOBAL SOCIAL INNOVATION CHALLENGE

Team Plastic-Blocks has won the 2019 HCC Edition of the Global Social Innovation Challenge. The team emerged tops among the finalists in the 2nd edition of the student innovation contest. Team Plastic-Blocks produced pavement blocks with disposed plastic wrappers as a way to solve the environmental menace.

The other two finalists are Team NetPharma (connecting pharmacists on a common platform to enable easy access to medicines) and Team EcoFashion (dealing with the plastic menace by using plastic bottles to make yarns for fabrics).

Team Plastic-Blocks comprises 3 students: Casmier Avadu, Anthony Pendoxa Cobbina and Benjamin Bright Appiah. They will represent HCC at the global event to defend the Grand Prize won last year by 3 students of HCC who dazzled at the world stage after beating 50 teams from 27 universities in 12 countries on 6 continents to sweep the Ultimate Prize as well as the Audience Choice Award, garnering a total of \$16,500 in seed-funding. Their project was on using human excreta to make charcoal.

HCC PRESIDENT ADDRESSES TERTIARY STUDENTS FROM CHURCHES OF CHRIST ACROSS GHANA

HCC President, Dr. Twumasi-Ankrah was a Keynote Speaker at the 2019 Tertiary Students Conference of Churches of Christ held at the University of Cape Coast. The theme for the conference was "Maturing Inside Out." The President spoke on the topic, "The Christian's Character." A Faculty Member of HCC Department of Theology, who preaches for the University of Cape Coast Campus Ministry, Mr. Frank Obeng Essien hosted this year's conference. Also, Mr. Samuel Ayim, HCC Council Member, spoke at the conference. An HBI Board Member, Mr. Charles Odoi and HCC Executive Assistant to the President, Mr. Conrad Kakraba were facilitators at the break-out sessions. Close to 900 students from various tertiary institutions across Ghana attended the conference.

A CRITICAL NEED OF HCC

We urgently need:

Funds to construct a Multi-purpose Building

Per the Bill of Quantities from the architects/engineers this will cost **GHC 2.6 million**; and this building will provide several classrooms, an auditorium and offices for faculty. We urgently need this building to be able to contain growing enrollment of students.

Also, the government agency, the National Accreditation Board will not permit us to continue to enroll in view of our inadequate facilities.

Proposed Multi-purpose Building

We are thankful to God and to you all our readers and co-servants of the Lord. We count on your partnership for prayers, support and advice as we carry out the mission.
