**The learning Values & Outcomes expected at HCC**

The following statements are the foundational elements of learning expected at HCC by our students and therefore expected from our faculty in their classrooms and interactions with students.

Christian in every thought, action, and outcome

Critical Thinking Skills

Ethics in all areas of life

Entrepreneurial in mindset and action

Philanthropic in nature and action

Prepared for the 21<sup>st</sup> century as well as any other student;  
able to compete and excel

Learning should be experiential whenever possible

Learning should be by Case Study when experiential is not possible

Faculty and Students will experiment and experience their discipline
