## Vision & Mission

### **Vision**

The vision of HCC is to be the flagship Christian University in Africa for the purpose of advancing the Kingdom of Christ and national development.

Our Vision extends to include a desire to participate in the continued development of a growing economy in Ghana that enables people to contribute to the well-being of their families, neighbors, the nation and surrounding countries in a manner that demonstrates Christian values and ethics.

### **Mission**

HCC exists as a Christ-centered environment to promote transformative education through active engagement in the teaching-learning interaction, creative pursuits, servant leadership and global competence.

The objectives for which HCC was established are to:

1. Set up schools, institutes, training and research centers and other educational facilities or programs as the Board of Trustees may decide.
2. Train professionals and offer professional enhancement courses, seminars, conferences, summits, etc.
3. Undertake research, writings and publications in all relevant disciplines.
4. Award certificates, diplomas, degrees and other academic qualifications as the Board of Trustees may decide.
5. Develop leaders for Ghana and West Africa, who work within a Christian ethic and morality, serving those with whom they live and work—in family, church, community, country and beyond.
6. Inculcate the concepts of entrepreneurship, ethics and philanthropy through integration in all course offerings.

Pursuant to HCC's Vision and the accomplishment of its mission, the College intends to provide highly qualified graduates who will be armed with the tools required to make a major difference for Ghana, West Africa and surrounding nations.
